Sewing with knit fabrics is not as difficult as you may think. Knit garments are very comfortable to wear since the fabrics give or stretch as you wear them. The fabrics come in many types and weights, resist wrinkles and travel well.

Join ASG Atlanta for a 2 day workshop where Pam Howard will guide you in constructing a knit top and bottom (bottom will be a skirt or can be pants if you have a knit pants pattern that fits you). Take sewing with knits to the next level.
