

Adult Hat Pattern

Size: Medium

A simple adult-sized hat (medium) made out of fleece or knit fabric. It has minimal seams and is very easy to make.

SEWING SUPPLIES AND TOOLS:

- Sewing machine or serger, thread, ruler, scissors or rotary cutter, marking pen

FABRICS:

- Fleece
- Knits – cotton, cotton/poly blend

CUTTING MEASUREMENTS: $\frac{1}{4}$ inches, seams included

- Crown: diameter = 7 inches
(radius=3.5 inches)
- Stand: 5 x 21 inches
- Brim: 6.5 x 21 inches

SEWING INSTRUCTIONS: (NOTE: all seams are 0.25 ($\frac{1}{4}$) inch)

1. Cut pattern pieces from fabric – crown, stand, brim
2. On crown -> mark 4 match points/notches by folding in quarters
3. Sew seam of stand, right sides together -> mark 4 match points/notches by folding stand into quarters
4. Align match points of crown and stand together, right sides together, sew around with the crown piece on top (easier to sew when stand layer is below the crown later). **Note:** easier to use the sewing machine at this point in the hat making process.
5. Sew seam on brim, right sides together -> fold brim up so raw edges align and mark 4 match points by folding brim into quarters
6. Align match points of stand and brim, and sew raw edges together (you will be sewing 3 layers of fabric together, 1 stand layer, 2 brim layers)
7. There is no need to trim the seams because the seam allowances are $\frac{1}{4}$ inch.

There you have it...1 adult hat that is warm, soft and comforting.
